Governor Clarke used this language in conversation with a press representative to-day in reference to his probable action in the event that the Corbett-Fitzsimmons contest should be advertised to take place in Hot Springs. His manner was so deliberate and emphatic that there could be no possible doubt of the earnestness of the Governor. Governor Clarke was in freely concerning the latest phase of the

The fact that Mayor Waters and City Attorney Martin, of Hot Springs, are in Dallas negotiating with the managers of the affair indicates beyond doubt that Hot Springs wants it, and they will very likely get it."

"Mr. Martin is city attorney at Hot Springs, and is a lawyer of much ability. He knows as well as myself or any one else just how far my authority as Governor extends, and he seems to have proceeded in the matter on the theory that I, as an officer who has taken the oath to execute the law as I find it, will go to the end of my authority and stop, and that s just what I shall do. "Personally I am opposed to pugilism.
In 1891 the Legislature passed an act making prize fighting a felony. I was in the Legislature at that time and voted for the bill. But the people were not satisfied with that law, for the very next session repealed it and enacted in its stead a law reducing the offense to a misdemeanor reducing the offense to a misdemeanor. That is the law now, and it will be en-"Were the Legislature to be called I have little reason to believe that the State

Nine out of the ten Senators in commission are members who voted for the law as it stands on the Governor Clarke stated that he had no doubt that the local peace officers would do their whole duty in the matter should a violation of the law be threatened at Hot prings or elsewhere in Arkansas.

Hot Springs the Place. HOT SPRINGS, Ark., Oct. 8 .- All appearances have led the people to believe that the Corbett-Fitzsimmons fight will take place in this city. As soon as the anouncement was made that the Legislature had taken action to preclude the possibility of the affair being pulled off on Texas soil, Hot Springs people began figuring on the ossibility of getting the fight. Talk speedly crystallized into action, but all was so juietly done that only the initiated were Waters immediately sought and held a conference with some leading business men Last Sunday Martin and Waters left for Dallas, prepared to bring the con-test here. Last night telegrams were re-ceived from Mayor Waters from Dallas saying that it was practically settled that Hot Springs would get the big fight. The fact that rooms were already being en-gaged in advance to-day at some of the otels by sporting men confirms the belief are that the tip is a straight one. R. C. Chambers & Co., of this city, who are said to be interested in the enterprise, are repesented in Dallas in the persons of Cham-ers and Charles Walker, co-operating ith Waters and Martin, and it is underood that the Iron Mountain railroad also has its representative on the grounds.

Most of the people of this city are inclined to be very jubilant over the prospects of getting the contest, but the preachers are already up in arms, as a matter of course. The Methodist Pastors' Association has called a meeting for to-morrow to take ich action in the premises as they may

Lee Nixon, from the indications, is de-feated for clerk by about 600 votes. Judge Stubbs will lose by a somewhat larger plurality of his opponent. The councilmen at large received a much larger number of votes than the head of the ticket.

The result was not achieved by the Democracy without the most liberal use of money. The matter does not worry Corbett in the least, except that the absence of his trainers will retard his work for a day or two. He received a telegram during the afternoon from Brady at Dallas, saying that the prospects are that Hot Springs or some place in New Mexico will be chosen for the money.
